

A child should
not be denied
early learning
because
family income
falls in the gap.

Low-middle income families cannot afford the cost
of sustainable market-rate early learning.

Our financial aid plan bridges the gap between sustainable market rates and what the low-middle-income family can afford to pay. Your donation can give a child the lifelong benefit of high-quality early learning in our community rooms at Elm Park Early Learning Center.

Our need is
\$35,000
